**GRAY
TOOLS**The Highest Standard. **Yours.**

Tools do not earn their reputation in a catalogue. They earn it on a rig at minus forty, in a shop floor covered in grease, and in the hands of people who do not have time to baby their equipment.

For over a century, Gray Tools has been forged for the conditions Canadians actually work in. Industrial steel. A lifetime warranty that says we stand behind every turn.

When the job gets ugly, your tools should not be the part that fails.

Save on all in-stock Gray Tools punches, chisels, tool storage, 1/2" & 3/4" drive sockets and attachments.

Built where the work is
hardest. Used where it
matters most.

Scan for Savings

Only two Gold Awards were presented across Canada — and we're honored to be one of them.

This achievement reflects more than just strong sales performance. It represents the dedication, expertise, and relentless effort of a team committed to delivering exceptional results for our customers every day.

Behind every order, every delivery, and every solution is a group of professionals who make excellence look easy — because they put in the work to make it happen.
